## B.2 Verification of accomplishment of the further condition according to point A.2/b

Submitting of the document about payment of the fee for materials provided for the admission examination.

## C. Closing provisions for all study programmes

### C.1 Way of evaluation of the admission examination

Evaluation of the results of the admission examination is evaluated by examination boards, appointed by the Dean of the FA STU. Each evaluation board has at least three members.

Evaluation of the results of the admission examination is in the form of points evaluation of individual parts of the examination. Results of the admission examination is summation of the points acquired by individual tasks from the admission examination. This is the base for a list of all applicants (starting with the applicant with the highest number of points and finishing with the applicant with the lowest number of points). It shows a qualitative sequence of applicants.

Results of extracurricular activities of the previous university study are not taken into account at admission process.

## C.2 Release of the results

The admission examination results will be released on the web page of the Faculty of Architecture STU. The applicant will find the total number of reached points after entering their birth number on the following address: [http://is.stuba.sk/prijimacky/verejne\\_vysledky.pl?lang=sk](http://is.stuba.sk/prijimacky/verejne_vysledky.pl?lang=sk).

## C.3 Conclusion of the admission process

The day of the admission commission meeting (27th June 2017) is in accordance with § 58 Paragraph 7 Law No. 131/2002 Coll. on Universities the day for verification of meeting the further conditions for acceptance.

Applicants who meet all the requirements for admission, e.g. they also documented meeting the basic condition, will be sent by the Faculty no later than 30 days after the admission commission meeting in accordance with conditions according to point b) Dean's decision on the result of the admission process.

Applicants who did not meet the basic condition (i.e. documenting of filling the basic condition) will be sent by the Faculty in 30 days after the admission commission meeting in accordance with conditions according to point b) Dean's decision on the result of the admission examination. Applicants who were not successful in the admission examination will be sent by the Faculty Dean's decision on the results of the admission process (about not being admitted for the study for not meeting the conditions). The unsuccessful applicant can hand a written request for inspection of the admission process decision addressed onto the FA STU Dean not later than 8 days after receiving the decision. The request should be sent to: Fakulta architektúry STU, študijné oddelenie, Nám. slobody 19, 812 45 Bratislava.

The applicant who was successful in the admission examination but will not meet the basic conditions for study admission in time of verification of conditions for admission, can be admitted for the study on conditional admission. The applicant has to document meeting the basic conditions for study admission not later than the date of signing for the study.

The number of admitted students is based on the planned number of students after taking into account the qualitative criteria of the admission examination. **The last applicant who was admitted must acquire at least 51 points, i.e. 51,00 % of the total number 100 points.** Admitted are the applicants who expressed the highest degree of abilities for the study and acquired more points (and met all the conditions for admission). The Dean of the Faculty, after evaluation of overall admission examination results, can by her decision, admit even more applicants as is the planned number of students, however, the qualitative criterion of the admission examination, that is minimum 51 points, must be preserved.

Information about the admission process and further conditions for study admission in the academic year 2017/2018 were discussed in the Council of Guarantees of study programmes and approved by Academic Senate of FA STU in Bratislava.
