

Based on Act no. 269/2018 Coll. on the Quality Assurance in Higher Education and in terms of preparation of the internal quality assurance system at the Slovak University of Technology in Bratislava (hereinafter referred to as STU) for its assessment and compliance of its implementation with standards for the Internal System and Study Programmes by the Slovak Accreditation Agency for Higher Education, the Faculty of Architecture and Design of STU in Bratislava (hereinafter referred to as FAD STU) states as follows:

The admission procedure for doctoral studies at the FAD STU in the academic year 2021/2022 will be held in following accredited study programmes:

1. **Architecture** - Slovak language
2. **Architecture** - English language
3. **Design** - Slovak language

Due to **not meeting current Standards for Study Programmes** (Art. 5, point 2 of Standards for Study Programmes), the accredited **study programme Urbanism** (in Slovak and English language) will not be open for **the admission procedure for the academic year 2021/2022.**

Thank you for your understanding.
